Forestry, Survey and Mining

Get your field supplies when you need them.

Following our 2002 merger with Canadian Forestry Equipment Ltd, Commercial Solutions has become the top Canadian source for forestry supplies. We are also proud to provide a full range of supplies for surveying and mineral exploration. Our sales staff and technical team have decades of experience in field supply. They make a point of sourcing reliable, effective, reasonably priced products. Our branches have a well-established history of working closely with forestry and mineral exploration customers. The friendly staff at any of our branches also has the knowledge and technical support to help you find the forestry and field supply products you need.

Bearings and Power Transmission

Expect the best—if it rolls or moves, we have the solution.

We are passionate about bearings! Nobody understands bearings and power transmission products better than we do. Since 1954, Commercial Solutions has proudly represented the leading manufacturers of bearings and power transmission components. We sell to heavy industry throughout Canada, and to the petrochemical industry worldwide.

Our staff of experts has decades of experience in helping customers find effective, efficient solutions to even the most sticky technical problems. Whether you are fixing a vehicle or need a part for a fabrication plant, our skilled, knowledgeable staff will find the part that works best for you.

Safety

Buy your safety equipment from an expert.

Commercial Solutions is a national supplier of safety products and training packages. Our highly qualified staff has years of hands-on experience in the safety field. Our technical team maintains an in-depth knowledge of government standards and recent research. Its mission is to ensure that the products we stock are comfortable, well-made, and conform to the latest safety legislation. We back our products with expert advice. We can also supply custom training packages, particularly in the field of fall protection.

You can rely on our experts to help you choose the right safety products, whether you need basic personal protective equipment or more sophisticated kits and tools. From safety gloves to gas detection to chemical spill kits, we've got it all!

Commercial Solutions is the first company in Western Canada to receive self-assessed customs clearance certification by Canada Border Services. We can complete customs clearance at our national distribution centre in Edmonton, Alberta. This cuts down on shipping time, so that products reach our customers faster. Our freight and logistics experts have designed a streamlined distribution system to get our products to you as quickly and efficiently as possible.

ISO 9001:2000

Commercial Solutions has an ongoing commitment to quality assurance in our products and services. Our internal procedures follow ISO international quality management standards.

ISO 9001:2000 certification shows that we follow consistent, documented business procedures. Our goal is to use the ISO quality management system to provide systematic support for our staff and the best possible service to our customers.

Our quality policy statement is as follows:
"Commercial Solutions' group of companies is committed to provide quality products and technical services support that meet or exceed specified requirements while continually improving the effectiveness of our quality management system. This commitment will be achieved through the establishment of quality objectives and strong working relationships with our customers and suppliers."
