distributors!**

## Bearings & Power Transmission

*Expect the best—if it rolls or moves, we have the solution.*

As one of Canada's leading suppliers of bearings and power transmission components, Commercial Solutions carries a full range of products for virtually every industrial application. From simple ball bearings to complex gear boxes and synchronous drives, Commercial's team of specialists can assist your company with both the acquisition and application of the products you need.

Nobody understands bearings and power transmission better than we do. Our experts are well known within the petrochemical industry worldwide as solution providers. One of our experts holds two patents for an antirotation device to solve windmilling fans. Furthermore, our team delivers millions of dollars in cost-savings to our customers every year.

Since 1954, we have proudly represented the leading manufacturers of bearings and power transmission components, ensuring that our customers receive the best quality products for every need. With more than 100 years of experience, our team of technical in-house experts can also assist you in finding hard to source products and can provide consulting services to help you find the exact product you need to keep your operation running smoothly.

## Industrial

*Consolidate your purchasing.*

From tools to industrial-strength degreasers and marking tape, Commercial Solutions can provide your company with a complete range of industrial supplies for all your MRO needs. We carry thousands of the most commonly used industrial supplies and offer a full range of services, including vendor managed inventory and cost-saving initiatives, to ensure that you are making the most of your industrial supply dollars.

As with our other product lines, we are proud to represent many of the top manufacturers of industrial products and supplies. Our technical support group can provide you with the expertise you need to find unique products and our extensive inventory will ensure that the products you need are there when you need them.

## Safety

*Buy your safety equipment from an expert.*

Commercial Solutions is a national leader in the distribution of safety products and training. You can rely on our safety experts to help you choose the right basic personal protection equipment such as hardhats, gloves and glasses to the more sophisticated solutions such as gas monitors, chemical clean up kits and fall protection equipment—and how to use them.

For example, feel confident in training your staff in fall protection with one of the best fall protection trainers in North America. Commercial Solutions offers training in fall protection level I, level II, level III, rescue training and inspection of equipment.

## Forestry, Survey and Mining

*Get your field supplies when you need them.*

We have an extensive history in servicing the forestry industry. Our expertise is evident as a long-term player in the field. Our product depth and breadth is industry-leading as a supplier to the Forestry industry. From flagging to Global Positioning Systems, we have the expert solution for your field supply demands.

Whether you are looking for planting gear, tree markers or cruiser vests - Commercial Solutions is your one-stop shop for your Forestry, Survey or Mining operation. Our desire to satisfy all of your needs means that you can shop one vendor, instead of five.

## Firefighting

*Work faster & safer, reduce risk and save lives.*

Partnered with the leading Canadian firefighting equipment manufacturers, Commercial Solutions is proudly committed to the Fire Services industry. In fact, our fire services team includes professional firefighters who provide the expertise that our customers demand. This in-house team of experts works with you to ensure that your professionals are safe and are protected by the best products on the market.

## Specialty

*Ask us about our custom solutions.*

Commercial Solutions can fulfill special orders or specific custom products and made-to-order items that do not exist as a standard item in our inventory. Our experts can liaise between you and the manufacturer to provide the right solution no matter what product type or industry.

## Oilfield Supplies and Services

*Trust our experts with your oilfield operations.*

From drilling, well testing, well servicing, to plant turnarounds and fabrication, Commercial Solutions provides our customers with extensive product knowledge and outstanding service.

Our Oilfield division includes:

Cando Oilfield Supplies and Rentals Ltd  
Impact Oilfield Supply Inc.  
Rig Products Inc.

Water Treatment

## Customs Self Assessment

*Faster access to the products you need.* We are the first company in Western Canada to be certified for self-assessed customs clearance by Canada Border Services. This means we can provide product shipments to our customers faster and more efficiently. For our customers in the energy, industrial and resource management industries, one day's difference in delivery is critical.

Under the Customs Self Assessment (CSA) Program, Commercial Solutions can provide customs clearance at our national distribution centre located in Edmonton, Alberta.

## One of Canada's 50 Best Managed Companies

*Deal with the experts.* Commercial Solutions is recognized as one of Canada's 50 best managed companies. This annual national program recognizes outstanding companies that have implemented world-class best business practices.

We have sustained a standard of excellence and leadership in all areas of business practice. Risk-taking, innovation, investment in technology and skills management practices that empower and motivate employees all contribute to our status as one of Canada's 50 Best Managed Companies.

## ISO 9001:2000

*Accuracy in our operations and supply chain—product availability at your fingertips.* Fourteen of our locations have received ISO certification with many more to come in the near future. Our commitment to quality is inherent. Our quality policy statement is as follows:

*"Commercial Solutions' group of companies is committed to provide quality products and technical services support that meet or exceed specified requirements while continually improving the effectiveness of our quality management system. This commitment will be achieved through the establishment of quality objectives and strong working relationships with our customers and suppliers."*

For a list of all ISO registered locations, please visit our web site at [www.csinet.ca](http://www.csinet.ca).

## Our Commitment to Communities

From volunteer support to financial contributions, Commercial Solutions shares a tradition of giving back to the communities in which we live and work.

Whether we are supporting regional or local sports groups, contributing funding to arts festivals, or continuing our commitment to children's charities, Commercial Solutions will always be respectful and thankful of our position in our communities.
